

MOHAMED MONER

GAME DEVELOPER

ABOUT ME

I am a game developer with extensive experience in creating and porting games across platforms such as Steam, Nintendo Switch, Android, and iOS. Specializing in Unity development, I have released titles including Moorhuhn Remake, Moorhuhn Wanted, and Moorhuhn Kart.

In collaboration with companies like Phenomedia, HiggsGames, and Markt+Technik, I utilized provided graphics and sound assets to develop fully functional games. My responsibilities encompassed programming, UI/UX implementation, authentication systems, leaderboards, achievements, optimization, and platform-specific adaptations, ensuring readiness for release across targeted platforms.

If you're seeking a developer with a proven track record in delivering high-quality, multi-platform games,

let's connect!

Moorhuhn Kart 2 is a high-speed kart racing game featuring beloved characters from the Moorhuhn series. Players race across vibrant tracks, utilizing power-ups and special abilities to outmaneuver their opponents. The game offers single-player, local, and online multiplayer modes, supporting up to seven players in competitive races. Originally released in 2004, I later developed an updated version for Nintendo Switch, Steam, Android, and iOS, with its release on the eShop in April 2021.
